Most academic lots do not require parking permits on the weekends (6:00 p.m. Friday through 11:00 p.m. Sunday evening). In addition, payment is not required at the meters, through the mobile app, or kiosks in these areas. The Student Center visitor parking lot is also free on the weekends but the lot may be closed periodically for special events.

Permits are required in the restricted areas around the residence halls and payment is required through the parking meters or mobile app (Passport) in these marked zones. These areas are enforced 24/7, including weekends.
